COURSE OVERVIEW

A comprehensive hands-on program designed to train postgraduates and general dentists in the full spectrum of maxillofacial, oral surgical, and advanced dental procedures.

Divided into four streams

Courses	Duration	seats	Eligibility
1. Fellowship in Advanced Oral and Maxillofacial Surgery (Fellow per batch) (Stipend available)	1 Year	1	MDS /MS (ENT)
2. Certified Training in Advanced Oral and Maxillofacial Surgery (2 Trainee per batch)	6 Months	3	MDS /MS (ENT)
3. Fellowship in Advanced Dentistry & Oral Surgery (2 Trainee per batch)	6 Months	3	BDS/MDS
4. Certificate Course in Advanced Dentistry & Oral Surgery	3 Months	5	BDS/MDS

COURSE OBJECTIVE

This Fellowship and Certified Training Program by MEDA DAULATI DENTAL HOSPITAL(DENTAL/CANCER /CLEFT/ FACE SURGERY CENTRE) aims to provide comprehensive clinical training in oral and maxillofacial surgery, advanced dentistry, and facial aesthetics. MEDA DAULATI DENTAL HOSPITAL is a NABH-certified institution with the highest patient volume and is the only hospital in Rajasthan where a full spectrum of such advanced procedures is performed. The program includes hands-on exposure to trauma surgery, cleft repair, TMJ procedures, implantology, oncology, and reconstructive techniques, along with observational training in lasers, Botox, fillers, and hair transplant. Participants engage in daily OT/OPD practice, academic discussions, and case documentation. Emphasis is placed on ethical patient care, diagnostic imaging, and surgical planning, preparing candidates for advanced clinical roles and global recognition.

Certification upon successful completion of the program will be awarded by Meda Daulati Dental Hospital (DENTAL/CANCER /CLEFT/ FACE SURGERY CENTRE)
